

CORONAVIRUS

I would like to take the time to make all our customers aware that here, at Barkers, we are making sure to adhere to all current government guidelines regarding the recent outbreak. We are, as always, prioritising the safety of our loyal and valued customers.

All of our staff are following heightened sanitising routines at regular intervals throughout the day. When visiting us in store, please feel free to make use of our hand washing facilities.

At this time, should you feel uncomfortable leaving your home at peak hours, we are glad to offer flexible retail hours. Should you wish to benefit from a one-to-one shopping experience, please contact us by phone on 0114 233 2222 or email us at sales@barkersfurniture.com

Rest assured that both the health and well being of our customers is, as always, our priority. We also thank you in anticipation of your continued support and co-operation in what will prove a highly challenging time for all.

Neil Barker
